Smart Hat of Maline and Velvet

By La Raconteuse.

The maline and velvet hat is smart and appropriate for midsummer wear. The wide, transparent brim is wired and finished with a deep net fold. Small bead ornaments are placed at intervals around the edge, and the velvet crown, close fitting, finishes with a saucy velvet bow on one side. These maline and velvet hats are very smart when worn with lingerie frocks. Not only is black used in these transparent affairs, but smart shades of blue and rose are cleverly adapted and when worn with dainty frocks and smart button boots are very attractive.

PLANS FOR TRACK MEET COMPLETED

Events Will Be Prolonged for Two Weeks—First Series to Be Held Aug. 19.

The program of events for the August track and field meet to be staged under the auspices of the Amateur Athletic federation at the Oliver playground, has been completed. The meet will not be composed of ward teams, but the entrants will be divided off according to weight.

Only certain events will be held on one day and the entire meet will be prolonged for two weeks. This is done so that one contestant who wishes to enter more than one event will not become tired out by competing in too many races in one day. The first events will be held Tuesday, Aug. 19.

The events are open to any amateur athlete who is now registered or will register with the secretary of the association, Ordo S. Barrett, at room 119, high school building. A registration fee of 10 cents is charged.

The purpose of the meet is so arranged as to make it an all around test of an athlete's ability. Prizes are to be awarded to the 10 highest point winners in the unlimited weight class, and the five highest point winners in the 110-pound class and 125-pound class. Boys entering under the last two classes must weigh in on the day of the meets under the weight in which they are registering. The weights will be taken in track suits with the exception of shoes.

Entry blanks are to be furnished to entrants Wednesday, Aug. 11, at the offices of the municipal recreation director in the high school. Blanks will also be left at the playgrounds and at the clubs which are members of the Amateur Athletic federation. The entries will close Tuesday, Aug. 17, at 8 p. m.

A complete record of the individual performances of each contestant will be kept and the place he wins in each event will determine his standing in the event. For example if in the high jump the runner is 10 entries and starters, the winner will score 15 points, second will win 14 points and so on down the list. Last place counts one point.

The program follows:

FAIR WEATHER WELCOME

Continuance of Sunshine Means Much to Farmers.

Hundreds of dollars worth of grain will be saved because of the present fair weather. Wheat and oats that have been shocked and piled have withstood the seige of rain nicely, reports from the country say. Instances where the shocks have been capped.

Two days of sun and the wheat should be shelled out and ready for thrashing. Farmers that failed to provide their wheat with shocks have experienced much trouble because the grain grew together.
